ASL NEWSLETTER

September 2005

- **The 2005 ASL Election.** At the end of this year the ASL will elect two members of the Executive Committee of the Council, and two members of the Council. All terms are for three years beginning January 1, 2006. The ballot will be sent to all ASL members with the November Newsletter. The 2005 Nominating Committee has nominated Julia Knight (Notre Dame) and Hiroakira Ono (Japan Advanced Institute of Science and Technology) for the Executive Committee positions, and Ruy de Queiroz (Universidade Federal de Pernambuco) and Jean Larson (Florida) for the Council positions. The Nominating Committee consisted of Sergei Artemov (Chair), Valentina Harizanov, Deirdre Haskell, Denis Hirschfeldt, Andre Scedrov, and Ralf Schindler.

Additional nominations may be made by petition signed by 10 or more ASL members; such petitions should be received by the ASL Secretary-Treasurer (email asl@vassar.edu or ASL, Box 742, Vassar College, 124 Raymond Ave., Poughkeepsie, N.Y. 12604, USA) no later than November 15, 2005. In a contested election, each candidate has the opportunity to make a 100-word statement to be distributed with the ballot.

- **Change in ASL Membership and Subscription Fulfillment Provider.** As of June 1, 2005, membership and subscription fulfillment services for the journals of the Association for Symbolic Logic are handled by the American Mathematical Society. For additional information you may contact the American Mathematical Society at: Association for Symbolic Logic, c/o American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294; email ASL-Service@ams.org. Additional online services and links will be provided as the transition to the AMS becomes fully operational. For up-to-date information, visit the ASL website: <http://www.aslonline.org>.
- **Call for Proposals: 2008 ASL Annual Meeting.** The ASL Committee on Meetings in North America requests proposals for the 2008 ASL Annual Meeting, to be held sometime in the first five months of 2008. The Committee seeks a university somewhere in North America and a local arrangements committee to host the meeting and handle the local arrangements. The ASL Annual Meetings ordinarily cycle geographically as follows: midwest (Urbana 2000, Chicago 2003); east (Philadelphia 2001, Pittsburgh 2004); west (Las Vegas 2002, Stanford 2005). This cycle will be broken for the 2006 meeting, to be held in Montreal (east); the 2007 meeting will take place in Gainesville (east). For 2008, the Committee seeks a location in the west (and in 2009 a location in the midwest will be sought). Any reasonable proposal, however, will be considered. For more information, interested parties should contact Peter Cholak (email: Peter.Cholak.1@nd.edu) no later than November 1, 2005.
- **Call for Proposals: 2007 AMS-ASL Joint Special Session.** The ASL Committee on Meetings in North America requests proposals for an AMS-ASL Joint Special Session to be held at the Joint Mathematics Meetings in New Orleans, Louisiana, January 4–7, 2007. Proposals and requests for additional information should be sent by email to the Committee Chair, Peter Cholak (email: Peter.Cholak.1@nd.edu). The deadline for receipt of proposals is January 22, 2006.
- **Kripke Awarded Honorary Doctorate.** Saul Kripke was awarded a Doctorate of Humane Letters, *honoris causa*, by the University of Pennsylvania on May 16, 2005. The citation noted that: [he is] “one of America’s most important philosophers of the last fifty years.” In 2001, Kripke received the Rolf Schock Prize in Logic and Philosophy, awarded by the Swedish Academy of Sciences.
- **2005 E.W. Beth Dissertation Prize awarded.** Ash Asudek of the University of Canterbury has been awarded the 2005 E.W. Beth Dissertation Prize for the thesis, “Resumption as Resource Management,” completed at

Stanford University. The prize, sponsored by the E.W. Beth Foundation, is awarded annually by the European Association for Logic, Language, and Information (FoLLI) for outstanding dissertations in the fields of logic, language, and information.

- **Reduced Dues for Individuals and Institutions in Developing Economies.** In 2003, the ASL approved a program to offer reduced dues for individual and institutional members in developing economies. For 2005 and 2006, the reduced dues are US\$18 for individuals and US\$130 for institutional members. These dues apply to individuals and institutions residing in countries whose economies are classified as ‘lower middle income’ or below on the World Bank’s annual list. For further information, visit http://www.aslonline.org/membership_outreach.html or contact the ASL Business Office: ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604, USA; Tel: 1-845-437-7080; Fax: 1-845-437-7830; email: asl@vassar.edu.
- **Reduced Dues for Unemployed Members.** The ASL now offers reduced dues for individual members who are unemployed. For 2005, the reduced dues are US\$35, and for 2006 they are US\$38. For further information, visit <http://www.aslonline.org/membership-individual.html> or contact the ASL Business Office: ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604, USA; Tel: 1-845-437-7080; Fax: 1-845-437-7830; email: asl@vassar.edu.
- **Perspectives in Mathematical Logic Volumes Available.** This series is now being published by the Association for Symbolic Logic, under the new name *Perspectives in Logic*. Owing to the generosity of Springer-Verlag, the former publisher of the series, the ASL has made the existing stock of certain books in the series available to the logic community at low prices, as has been done with the *Lecture Notes in Logic*. (Some books in the series will continue to be made available by Springer-Verlag; others will be reprinted by the ASL.) An order form for the volumes sold by the ASL can be obtained online at <http://www.aslonline.org/files/Perspectivesorderform.pdf>, or by writing to the ASL Business Office.
- **Book Discounts for ASL Members.** Several publishers now offer discounts on books to ASL members. For a detailed description of these discounts, visit <http://www.aslonline.org/books-discounts.html> on the ASL website, or write to the ASL Business Office.

ASL MEETINGS

- **Student Travel Awards: The 2006 ASL Annual Meeting, 2006 ASL European Summer Meeting, and other ASL or ASL-Sponsored Meetings.** The ASL will make available modest travel awards to graduate students in logic and (for the European Summer Meeting only) to recent Ph.D.’s so that they may attend the 2006 ASL Annual Meeting in Montreal, Canada, or the 2006 ASL European Summer Meeting in Nijmegen, The Netherlands; see below for information about these meetings. Student members of the ASL also may apply for travel grants to other ASL or ASL-sponsored meetings. To be considered for a Travel Award, please (1) send a letter of application, and (2) ask your thesis supervisor to send a brief recommendation letter. The application letter should be brief (preferably one page) and should include: (1) your name; (2) your home institution; (3) your thesis supervisor’s name; (4) a one-paragraph description of your studies and work in logic, *and, in the case of an ASL student member application to attend an ASL or ASL-sponsored meeting other than the Annual Meeting or European Summer Meeting*, a paragraph indicating why it is important to attend the meeting; (5) your estimate of the travel expenses you will incur; (6) (for citizens or residents of the USA) citizenship or visa status; and (7) (voluntary) indication of your gender and minority status. Women and members of minority groups are strongly encouraged to apply. In addition to funds provided by the ASL, the program of travel grants to the ASL Annual Meeting and the European Summer Meeting is supported by a grant from the US National Science Foundation; NSF funds may be awarded only to students at US universities and to citizens and permanent residents of the USA. Air travel paid for using NSF funds must be on a US flag carrier. Application by email is encouraged; put “ASL travel application” in the subject line of your message.

For the 2006 ASL Annual Meeting, applications and recommendations should be received before the deadline of March 4, 2006, by the Program Chair: Matt Valeriote, Department of Mathematics & Statistics, Hamilton

Hall, McMaster University, Hamilton, Ontario CANADA L8S 4K1; Fax: (905) 522-0935; email: matt@math.mcmaster.ca.

For the 2006 ASL European Summer Meeting, applications and recommendations should be received before the deadline of April 3, 2006, by the Organizing Committee: Logic Colloquium 2006, ICIS Faculty of Science, Radboud University Nijmegen, P.O. Box 9010, 6500 GL Nijmegen, The Netherlands; email: 1c2006@cs.ru.nl.

For ASL student member travel grants to other ASL or ASL-sponsored meetings, applications and recommendations should be received at least three months prior to the meeting at the ASL Business Office: ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604, USA; Fax: 1-845-437-7830; email: asl@vassar.edu. Decisions will be communicated at least two months prior to the meeting.

- **2005-06 ASL Winter Meeting (with APA).** *December 27–30, 2005, New York, New York.* There will be two invited sessions. For the first, “Recent Developments In Computer Science and Set Theory and their Philosophical Implications,” the speakers are S. Artemov, P. Koellner, and M. Rabin. In the second session, “Foundational Issues in Modern History of Mathematics and Logic,” J. Avigad, W. Sieg, and W. Tait will speak. The Program Committee includes: M. Fitting, H. Gaifman (Chair), and A. Urquhart. A preregistration form and hotel information for this meeting are included in this Newsletter mailing.
- **2005-06 ASL Winter Meeting (with Joint Mathematics Meetings).** *January 14–15, 2006, San Antonio, Texas.* This meeting will take place in conjunction with the Joint Mathematics Meetings, which will be held January 12–15, 2006. Invited speakers include: D. Cenzer, C. Ward Henson, M. Laskowski, A. Louveau, R. Miller, I. Neeman, and S. Starchenko. There will be an AMS-ASL Joint Special Session on Interdisciplinary Research Involving Analysis and Logic, organized by I. Ben-Yaacov, S. Gao, and J. Iovino. The members of the Program Committee are S. Gao, V. Harizanov (Chair), and C. Miller. A preregistration form and hotel information for this meeting are included in this Newsletter mailing.
- **2006 ASL Annual Meeting.** *May 17–21, 2006, Montreal, Canada.* As part of the invited program, the Seventeenth Annual Gödel Lecture will be given by Per Martin-Löf. The members of the Program Committee are: S. Feferman, S. Kuhlmann, D.A. Martin, P. Panangaden, S. Simpson, and M. Valeriote (Chair). The members of the Local Organizing Committee include: L. Bélair, F. Lepage, M. Marion (Chair), and P. Panangaden.

Abstracts of contributed talks submitted by ASL members will be published in *The Bulletin of Symbolic Logic* if they satisfy the Rules for Abstracts (see below). Abstracts must be received by the deadline of February 10, 2006, at the ASL Business Office: ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604, USA; Fax: 1-845-437-7830; email: asl@vassar.edu.
- **2006 ASL European Summer Meeting (Logic Colloquium '06).** *July 27–August 2, 2006, Nijmegen, Netherlands.* The Program Committee includes: B. Cooper, S. Friedman, H. Geuvers, D. Macpherson, G. Mints, A. Pillay, M. Rathjen, R. Schindler, H. Schwichtenberg (Chair), R. Shore, W. Sieg, G. Sundholm, and J. Väänänen. The Local Organizing Committee includes: H. Geuvers (Chair), N. Messink, B. Spitters, and F. Wiedijk. Abstracts of contributed talks submitted by ASL members will be published in *The Bulletin of Symbolic Logic* if they satisfy the Rules for Abstracts (see below). Abstracts—hard copy or email—should be received before the deadline of April 17, 2006 at the official meeting address: Logic Colloquium 2006, ICIS Faculty of Science, Radboud University Nijmegen, P.O. Box 9010, 6500 GL Nijmegen, The Netherlands; email: 1c2006@cs.ru.nl.
- **2007 ASL Annual Meeting.** *March 10–13, 2007, Gainesville, Florida.* The members of the Local Organizing Committee include: D. Cenzer, G. Emch, W. Mitchell, G. Ray, M. Sitharam, and J. Zapletal (Chair).
- **Rules for Abstracts.** The rules for abstracts of contributed talks at ASL meetings (including those submitted “by title”) may be found at http://www.aslonline.org/rules_abstracts.html. Please note that abstracts *must* follow the rules as set forth there; those which do not conform to the requirements will be returned immediately to the authors submitting them. Revised abstracts that follow the rules will be considered if they are received by the announced deadline.

- **Fourth International Symposium on Foundations of Information and Knowledge Systems (FoIKS 2006).** *February 14–17, 2006, Budapest, Hungary.* The goal of this biennial event is to bring together researchers working on the theoretical foundations of information and knowledge systems and to attract researchers working in relevant mathematical fields who are interested in applying their theories to research on database and knowledge base theory. The Program Committee Co-chairs are J. Dix and S. Hegner. For further information, visit <http://foiks.massey.ac.nz/foiks06/>.
- **XIV Brazilian Logic Conference.** *April 24–28, 2006, Itatiaia, Rio de Janeiro, Brazil.* Topics for this meeting include: algebraic logic, logic and computation, history of logic, logic and education, model theory, non-classical logics, philosophy of formal sciences, and set theory. This event will also celebrate the centennial of the birth of Kurt Gödel. The members of the Program Committee are: X. Caicedo, W. Carnielli, O. Chateaubriand, J.C. Cifuentes, R. Cignoli, M.E. Coniglio, N. da Costa, J.J. da Silva, I.L. D'Ottaviano, C. Di Prisco, N.G. Gomes, D. Krause, R. Lewin, T. Pequeno, R. de Queiroz, M. Ruffino, and P. Veloso. The members of the Organizing Committee include: O. Chateaubriand (Chair), M. Correa, E.H. Haeusler, G. Hamazaki, and L.C. Pereira. The deadline for submission of contributed talks is January 15, 2006. For further information, send email to XIVEBL@inf.puc-rio.br, or visit <http://XIVEBL.inf.puc-rio.br/>.
- **Computability in Europe 2006 (CiE 2006): Logical Approaches to Computational Barriers.** *June 30–July 5, 2006, Swansea, Wales.* This meeting is being organized within the network “Computability in Europe” (CiE). The particular focus of the event is on aspects of logical approaches to computational barriers. There will be tutorials on Logical Approaches to the P vs. NP problem (S. Buss) and, “Quantum Algorithms: Standard Tools and New Models” (J. Kempe). Invited speakers include: J. Bergstra, L. Cardelli, J.W. Dawson, J. Krajčiek, E. Mayordomo Cámara, I. Németi, H. Schwichtenberg, and A. Weiermann. Special sessions also are planned on Challenges in Complexity, Computable Analysis, Foundations of Programming, Gödel Centenary: His Legacy for Computing, Mathematical Models of Computers and Hypercomputers, and Proofs and Computation. The Co-chairs of the Program Committee are A. Beckmann and J. Tucker. The Organizers are: A. Beckmann (Chair), U. Berger, B. Cooper, P. Grant, O. Kullmann, B. Löwe, M. Seisenberger, A. Setzer, and J. Tucker. For further information, visit <http://www.cs.swansea.ac.uk/cie06/>.
- **Twenty-first Annual IEEE Symposium on Logic in Computer Science (LICS 2006).** *August 12–15, 2006, Seattle, Washington.* The LICS Symposium is an annual international forum on theoretical and practical topics in computer science that relate to logic in a broad sense. LICS 2006 will be held as part of the Fourth Federated Logic Conference (FLoC’06). The invited speakers include: A. Blass, A. Gordon, and O. Kupferman. There also will be a joint LICS/RTA/SAT plenary lecture given by R. Bryant. The LICS Program Chair is R. Alur, and the LICS General Chair is P. Kolaitis. For further information about LICS, visit <http://www.lfcs.informatics.ed.ac.uk/lics>; for additional information about FLoC’06, see <http://www.informatik.hu-berlin.de/lics/>.

OTHER ANNOUNCEMENTS (Also see <http://www.aslonline.org>.)

- **Open-Access Experiment: Information and Computation.** The Publisher and Editorial Board of *Information and Computation* are pleased to announce that for one year, effective August 12, 2005, online access to all journal issues back to 1995 will be available without charge. This includes unrestricted downloading of articles in pdf format. Journal articles may be obtained through the journal’s web site, <http://theory.csail.mit.edu/~iandc> or via Elsevier’s Scencedirect at <http://www.sciencedirect.com/science/journal/08905401>. At the end of the year, the retrieval traffic during the open access period will be evaluated as future subscription policies are considered.

Newsletter continued on separate sheet

OTHER ANNOUNCEMENTS (continued)

- **Ph.D. Position in Monadic and Computational Logics.** A three-year Ph.D. position in the project “Monadic Computational Logics in HOL” is available at the University of Bremen. The project is concerned with the implementation and further development of monadic computational logics, including monadic Hoare logic and monadic dynamic logic as well as extensions covering exception handling, as introduced by T. Mossakowski and L. Schroeder. Applications and further inquiries can be made to L. Schroeder at lschrode@informatik.uni-bremen.de.

NEW BOOKS AND JOURNALS (Also see <http://www.aslonline.org>.)

- **Linear Logic in Computer Science.** Editors: T. Ehrhard, J.-Y. Girard, P. Ruet, and P. Scott (Cambridge University Press, 2004, ISBN: 0-521-60857-0). <http://www.cambridge.org/catalogue/catalogue.asp?isbn=0521608570>.
- **Advanced Topics in Types and Programming Languages.** Editor: B.C. Pierce (MIT Press, 2004, ISBN: ISBN 0-262-16228-8). <http://mitpress.mit.edu/0262162288>.
- **New Journal: International Journal of Mathematical and Computer Sciences.** The journal’s mission is to foster interdisciplinary and transdisciplinary research through publication of original research papers in any of the areas of the mathematical and computer sciences. For more information, visit <http://www.icmcs.org>.

CALENDAR OF OTHER MEETINGS (Also see <http://www.aslonline.org>.)

- **Fourth International Symposium on Formal Methods for Objects and Components (FMCO 2005).** *November 1–4, 2005, Amsterdam, The Netherlands.* This annual event deals with the application and development of formal methods in software engineering, with a special focus on component-based and object-oriented software systems. The keynote speakers are: M. Barnett, L. Caires, P. Cousot, D. Dams, W. Fokkink, O. Grumberg, J.-P. Katoen, K.-K. Lau, P. O’Hearn, A. Poetzsch-Heffter, J. Reynolds, and D. Sangiorgi. The Organizing Committee members include: F.S. de Boer, M.M. Bonsangue, S. Graf, and W.-P. de Roever. For further information, visit <http://fmco.liacs.nl/fmco05.html>.
- **Twelfth International Conference on Logic for Programming Artificial Intelligence and Reasoning (LPAR-12).** *December 2–5, 2005, Montego Bay, Jamaica.* This event focuses on a wide range of topics of interest to logicians. The invited speakers include: T. Ball, D. Lenat, and R. Nieuwenhuis. For additional information, visit <http://www.lpar.net/2005>.
- **Workshop on Finite and Algorithmic Model Theory.** *January 9–13, 2006, Durham, England.* This is a satellite event of the Spring 2006 program on “Logic and Algorithms” at the Isaac Newton Institute for Mathematical Sciences. Its goal is to bring together members of the theoretical computer science and (classical) model theory communities to explore emerging and potential connections between these two areas. The Program Committee includes: M. Benedikt, J. Esparza, B. Hart, C. Michaux, C. Steinhorn, I. Stewart (Chair), and K. Tent. For further information, visit <http://www.newton.cam.ac.uk/programmes/LAA/ws.html>.
- **Valuation Theory and its Applications.** *March 21–24, 2006, UNICAMP, University of Campinas, Brazil.* This international workshop focuses on recent developments and applications of (general) valuation theory. The members of the Scientific Committee are: A. Engler, J. Koenigsmann, F.-V. Kuhlmann, and A. Prestel. The Organizing Committee includes: P. Brumatti, A. Engler, D. Kochloukova, P. Koshlukov, and F. Torres. For further information, visit <http://www.ime.unicamp.br/~wvalapp>.
- **Logic, Models and Computer Science (LMCS06).** *April 20–22, 2006, Camerino, Italy.* This workshop aims to bring together researchers interested in the interactions between mathematical logic and several fields in computer science. LMCS06 also will honor the memory of Sauro Tulipani, who so largely and brilliantly contrib-

Calendar of other meetings continued on reverse side

CALENDAR OF OTHER MEETINGS (continued)

uted to this research area. The invited speakers provisionally include: L. Aceto, R. Camerlo, A. Capotorti/M. Baiocchi, R. De Nicola, M. Dezani, W. Hodges, G. Longo, A. Macintyre, J. Makowski, D. Mundici, and G. Sambin. The Co-chairs of the Program Committee are F. Corradini and C. Toffalori. The deadline for submission of papers is February 4, 2006. For further information, visit <http://www.unicam.it/matinf/lmcs06>.

- **SIGMOD/PODS 2006.** *June 26–29, 2006, Chicago, Illinois.* This event brings together the annual A.C.M. Symposium on Principles of Database Systems (PODS) and the A.C.M. Special Interest Group on Management of Data (SIGMOD) conference. PODS provides a premier annual forum for the communication of new advances in the theoretical foundation of database systems. The SIGMOD conference is a leading international forum for database researchers, developers, and users to explore cutting-edge ideas and results, and to exchange techniques, tools, and experiences. The Chair of the PODS Program Committee is J. Van den Bussche and the Chair of the SIGMOD Program Committee is S. Chaudhuri. Affiliated workshops will be held on June 25 and 30. For further information, visit <http://tangra.si.umich.edu/clair/sigmod-pods06/index.html>.
- **Eighth International Workshop on Deontic Logic in Computer Science (DEON2006).** *July 12–14, 2006, Utrecht, The Netherlands.* This biennial event focuses on research linking the formal-logical study of normative concepts and systems with computer science, artificial intelligence, philosophy, organization theory, and law. There also will be a special focus this year on artificial normative systems. The invited speakers are: J. Carmo, F. Dignum, and P. Petta. The Program Co-chairs are L. Goble and J.-J. Ch. Meyer. The deadline for submission of original, previously unpublished, research papers is January 27, 2006. For further information, visit <http://www.cs.uu.nl/deon2006/>.
- **Eighteenth European Summer School in Logic, Language and Information (ESSLLI-2006).** *July 31–August 11, 2006, Malaga, Spain.* The main focus of the European Summer Schools in Logic, Language and Information is on the interface between linguistics, logic and computation. Foundational, introductory and advanced courses together with workshops cover a wide variety of topics within the three areas of interest: Language and Computation, Language and Logic, and Logic and Computation. ESSLLI-2006 is organized under the auspices of the European Association for Logic, Language and Information (FoLLI). For further information about ESSLLI-2006, visit <http://esslli2006.lcc.uma.es>; for further information about FoLLI, see <http://www.folli.org>.
- **Fourth Federated Logic Conference (FLoC'06).** *August 10–22, 2006, Seattle, Washington.* This event brings together several synergistic conferences that apply logic to computer science. The following six conferences will participate in FLoC '06: Conference on Computer-Aided Verification (CAV), International Conference on Logic Programming (ICLP), International Joint Conference on Automated Deduction (IJCAR), the ASL-sponsored IEEE Symposium on Logic in Computer Science (LICS), Conference on Rewriting Techniques and Applications (RTA), and the International Conference on Theory and Applications of Satisfiability Testing (SAT). The General Chair for FLoC'06 is M. Vardi and the Conference Chair is J. Rehof. For further information, visit <http://research.microsoft.com/floc06/>.
- **International Symposium on Formal Methods (FM 2006).** *August 21–28, 2006, Hamilton, Ontario, Canada.* This is the fourteenth annual meeting in this series, sponsored by Formal Methods Europe. All aspects of formal methods research, both theoretical and practical, are welcome. Topics include: tools for formal methods, theoretical foundations (specification, refining, static analysis, model-checking, verification), and formal methods in practice (case studies). The deadline for submissions is February 24, 2006. For more information, contact the General Chair, E. Sekerinski (email: emil@mcmaster.ca) or visit <http://fm06.mcmaster.ca/>.

The next Newsletter will be mailed in November, 2005. Items to be included should reach the Secretary-Treasurer before October 31, 2005.

Submitted by Charles Steinhorn, Secretary-Treasurer.
